Description

NDG 1423

A stunning addition to our European House Collection, Valencia features an arched gable over the arched covered entry to make you and your guests feel right at home. The 12-foot ceilinged Foyer leads way to the formal Dining Room to the left and a Gallery hallway straight ahead. Entertaining in the Great Room is made easy with a cozy fireplace flanked by optional built-ins, and decorative timber beams along the ceiling are sure to leave your guests in awe. The open floor plan allows this space to flow seamlessly into the Kitchen, where friends and family can enjoy snacks and chats with the cook at the curved eat-at island bar. While the night's still young, take the conversation out to the rear Grilling Porch, viewable through windows spanning the Great Room and Breakfast Room.

On the left of the Valencia floor plan, you will find a half bath and entry to the 3-car garage sharing a hallway with the luxurious Master Suite. The spacious master bedroom enjoys natural light from a front-facing window, while the Master Bath gives you plenty of opportunities to relax, featuring a whirlpool tub, a large glass shower with a bench, and a double sink L-shaped vanity. You will just love your huge walk-in closet with access to the equally spacious Laundry Room! Laundry day has never been so easy, with counterspace for folding, a hanging rod, a sink, and a fold-down ironing board! The kids will love their privacy on the opposite side of Valencia, as both Bedrooms 2 and 3 enjoy their own private baths and walk-in closets. The full bath adjoining Bedroom 3 also doubles as a hall bath, with public access for those staying in the Guest Room. The upstairs Bonus Area offers multiple possibilities, such as a Home Theater. With plenty of space for arrangement, it has a full bath, a large walk-in closet, and a potential sitting area complete with a window seat. There's even a charming, raised dormer that could be perfect for a computer space. How would you customize this amazing house plan?
