Description

NDG 838B

A stunning addition to our Traditional House Collection, Hickory Place boasts a charming exterior, contrasting classic brick siding with eye-catching gables. Entering the home, you will step into a grand Foyer, which opens to the formal Dining Room to the right by 10" columns and continues down a long hallway, past a half bath and various storage closets, into the massive Great Room. This space is granted a cozy atmosphere by a fireplace at the rear, flanked by two entries to the Grilling Porch outside. Moving toward the front of the home from here, you will find yourself in the spacious Kitchen. Although this space is mostly closed off from the Great Room, a pass-through above the sink allows you to keep an eye on the comings and goings in the Great Room, and a center island with seating for 3 adds a bit of a gathering space here. Directly off the Kitchen is the Dining Room, accessed through stylish French doors, as well as a hallway leading into the

Laundry Room and 2-car garage which may serve as a mudroom entry.

On the right side of Hickory Place, the Master Suite boasts a grand entry of 8" columns from the Great Room. The master bedroom is enormous and enjoys all the natural lighting through windows and French doors accessing the cozy Patio/Deck. More French doors lead you into the luxury Master Bath, complete with a dual sink vanity, glass shower, whirlpool tub, and a large walk-in closet. The opposite side of Hickory Place holds Bedrooms 2 and 3, making for a peaceful split bedroom design. While Bedroom 2 is larger in size, both rooms feature walk-in closets and foyer-style entries. A Jack and Jill bath is shared in between, with separate vanities on their respective sides and a separate toilet room for maximum privacy. Upstairs is a large Bonus Room that could easily serve as your own Home Theater! If this isn't your cup of tea, a computer center ample shelving, and a spacious storage closet makes the space multi-functional. How would you customize this amazing house plan?
