## Description

# NDG 1147

A stunning addition to our Traditional House Collection, Madeline would be wonderful to call home! Through a charming arched entry porch, you will enter this lovely brick home to a Foyer surrounded by elegant columns and flanked by the formal Dining Room and home Study, each boasting beautiful boxed ceilings. Invite your guests into the Great Room for great conversation, or take advantage of the large Grilling Porch when weather allows. Even when the weather is not up to your standards, you can still enjoy the day in the Screened Porch/Sunroom, which looks out to the property through stunning picture frame windows. Adjacent is the Kitchen/Breakfast Room combo, where you will find a cozy fireplace, a walk-in pantry, and an angled breakfast bar.

Privately located on the left side of Madeline is your luxury Master Suite. The master bedroom lies

below 10-foot boxed ceiling and enjoys private access to the Screened Porch/Sunroom. The Master Bath will be your favorite space in the house, with a large glass shower, corner whirlpool tub, designated space for your own makeup station, and a massive walk-in closet. Sharing a hallway with the Master Suite are the half bath, and Laundry Room, which also may serve as a mudroom entry to the 3-car garage. On the opposite side of Madeline, the kids will love the amount of closet space they have! They will never have to share a bathroom with guests, as Bedrooms 2 and 3 enjoy a Jack and Jill style bath, while Bedroom 4 has its own private bath. This house plan also includes an optional Home Theater/Game room on the upper floor, perfect for that family gathering space you've been dreaming about. How would you customize this amazing house plan?
