Description

MEN 5257

From award-winning designer Michael E. Nelson, country living gets a little bit cooler in this stunning addition to our Rustic House Collection! Oak Mountain Retreat adds clean lines and low roofs to the traditional country rustic elements. A spacious covered porch offers cozy place to greet guests, and the large rear screened sun porch gives your evening protection from menacing bugs and scorching sun. Inside, you will find an incredibly spacious open design, with the great room, dining, and kitchen all sharing one space. The Dining Room can be found cozily tucked away behind the front door, and straight ahead is a beautiful Great Room, featuring an angled corner fireplace for decadent relaxation. Toward the front of the home plan is a bar island in the Kitchen to seat your entire friends list!

Private Spaces for All

To the left of Oak Mountain Retreat is the Master Suite, which holds a private en-suite bathroom, while bedroom 2 is found just across the hall. A public bathroom with a double sink vanity and tub/shower is located down this same hall, as well as the laundry room. Further to the left of the rustic home plan, a spacious mudroom equipped with a bench seat with lockers and hanging space allows for less cumbersome foot traffic from the 3-car garage. The upper level will give your kiddos their own private space, with a spacious loft and a bunkroom! Bedroom 3 will give an older child a little more privacy, and a full bathroom is found just outside. Modest step-in closets throughout offer ample storage space for wardrobe needs.
