Description

MEN 5262

From award-winning designer comes a stunning addition to our Rustic House Collection. Cole Creek Retreat is a beautiful interpretation of the classic cabin-style home plan, with all the charm and delight of a rustic mountain home wrapped with a porch to make any Southern belle faint! Cole Creek Retreat is a warm, welcoming 2006 sq.ft. home with 3 bedrooms, 2 full baths, and 1 half bath. Cool stone, grand windows, and quaint wood siding offer a last first impression, and more exciting features, like the angled wall kitchen, are tucked inside! The impossible-to-miss wrap-around porch covers three full sides of this home with three individual entrances to embrace the day's fresh air. An optional 2-bay garage addition attaches to the mudroom for quick morning exits and easy clean-up after long days outdoors! Cole Creek Retreat makes a wonderful home plan for small families, empty-nesters, or as a starter home plan for exciting futures to come!

Living Comforts

The massive wrap-around porch opens into the Great Room, the Kitchen, and the Breakfast Room. The front door proper leads into the open floor Great Room. A grand stone fireplace on the right of the great room matches the exterior stone design, bringing the rustic elements indoors! Spend late nights warming before bed as the snowflakes drift lazily by. A vaulted ceiling accentuates the countryside mountain atmosphere, and the Upper Level balcony overlooks this breathtaking space. The Kitchen rests on the rear of the open layout and features an angled peninsula bar with extra seating for six. A Breakfast Room to the left of the kitchen and extraordinary French doors open onto the wrap-around porch, taking advantage of the view and natural lighting.

Split Level Bedrooms

Cole Creek Place is ideal for families with older children, couples working from home, or hobby enthusiasts eager to practice skills in peace! The Master Suite rests at the front left of Cole Creek Retreat, with private entry from the great room leading into the master bedroom. Vaulted ceilings expand this space for a luxurious nightly rest with a ridge beam tying in the rustic charm. The Master Bath features a dual sink vanity and a large corner glass shower. The enclosed toilet ensures maximum privacy, and a roomy walk-in closet provides plenty of additional wardrobe storage space.

Bedrooms 2 and 3 reside on the Upper Level of Cole Creek Retreat. Bedroom 2 is to the left of the staircase landing and includes a modest step-in closet with ample hanging space for favorite pieces. Bedroom 3 is found at the rear of the home plan with a great view into the backyard. A shared bathroom holds a single sink vanity and a bath/shower space.

Customizing This House Plan

Make this house plan into your dream home!

We understand that when it comes to building a home you want it to be perfect for you. Our team of experience house plan specialists would love to be able to help you through the process of modifying this, or any of the other house plans found on our website, to better fit your needs.

Whether you know the exact changes you need made or just have some ideas that would like to discuss with our team send us an email at: info@nelsondesigngroup.com or give us a call at 870-931-5777 What to know a little more about the process of customizing one of our house plans?

Check out our [Modifications FAQ](#) page.
