Description

MEN 5308

From award-winning designer Michael E. Nelson comes a stunning addition to our Riverbend House Collection. Englewood Place first welcomes you with a 10-foot covered porch, and the board and batten siding paired with stone accents creates tons of curb appeal. Inside, a cozy den lies below a breathtaking vaulted ceiling and opens to a kitchen with a walk-in pantry. An eat-at island beside a dining table further equips this home for casual meals, and the rear deck offers a space to gather outside. The master suite of Englewood Place features space for a desk, and a large walk-in closet enjoys access to an impressive laundry room. The master bath consists of dual vanities, a private toilet room, and a walk-in tile shower. The first floor also holds a bathroom and a half bath, and upstairs you will find bedroom 2, complete with a private bathroom, a walk-in

closet, and a balcony overlooking the den below. Above the 2-car garage is a bonus area to satisfy any additional needs. How would you customize this amazing house plan?
