Description

MEN 5311

From award-winning designer Michael E. Nelson comes a stunning addition to our Rustic House Collection. Cliff Haven enlists a stone exterior with a craftsman vaulted entry porch to create serene curb appeal. Inside you will find the great room before a cozy stone fireplace and open to the kitchen. An eat-at island offers a casual alternative to the formal dining room, and the grilling porch is perfect for outdoor meals. The master suite of Cliff Haven features a massive walk-in closet, and the luxury master bath is fully equipped with dual vanities, a walk-in shower, and a whirlpool tub. Bedrooms 2 and 3 are located on the opposite side of the home, sharing a Jack and Jill bathroom. An office and full public bathroom are also located on this floor, and above the 2-car garage is a bonus room. Complete with a walk-in closet and full bathroom, this space can easily

serve as a fourth bedroom. You also have the option to open this floor to below with a beautiful arched balcony. How would you customize this amazing house plan?
