Description

MEN 5377

From award-winning designer Michael E. Nelson comes the newest addition to our Farmhouse House Collection. Huntsville Manor is a charming open floor plan with all the curb appeal you could ask for. A white exterior paired with a classic front porch and double front doors make this home even more welcoming to guests. Inside is a massive great room, situated before a cozy fireplace, below a breathtaking vaulted ceiling. An open kitchen also shares this space, complete with a large eat-at kitchen island and a walk-in pantry accessible from the adjoining hall. From the great room, you can step onto a large screened porch overlooking the backyard for a relaxing evening. To the left of Huntsville Manor is the spacious master suite, equipped with a vaulted ceiling and an entry to the porch outside. A walk-in shower, a free-standing tub, and dual vanities

make for the perfect master bath, and the walk-in closet offers you more space than you could imagine. Outside this luxury space, you will also find a cozy kids' nook with a half bath beside it. On the right side are bedrooms 2 and 3, which share a bathroom in the hallway, and bedroom 4, which enjoys a private bathroom. How would you customize this amazing house plan?
