Description

NDG B1051

A stunning addition to our Barna Log House Collection, The Lakewood first welcomes you with a bank of tall, front-facing bay windows for eye-catching curb appeal. Entering the home from the left Covered Porch, you will find yourself in a huge Living Room, where those bay windows provide an element of natural light to the breathtaking vaulted ceiling and cozy fireplace. A rear Foyer offers a unique way to greet guests, and the right side of the home showcases a functional Kitchen, featuring an angled eat-at bar top, open to the Dining Room with a view of the right Covered Porch. The nearby Laundry Room pairs well with the breezeway leading to the 3-car garage, allowing you to keep unwanted dirt and mud from entering too far into the home. The garage also has optional Bonus Room above for extra storage or entertaining space! On the left side of The

Lakewood, your Master Suite awaits. The spacious master bedroom enjoys private access to the right Covered Porch, and a walk-in closet is sure to hold all your wardrobe essentials. The Master Bath allows you and your partner to bathe at the same time, with a separate tub and shower. Climbing up the stairs in the Family Room, you will find yourself in a Loft, flanked by Bedrooms 2 and 3, each with lots of room and closet space. Toward the rear of the loft is a full bath, which is flanked by large attic space closets. You will never run out of storage space here! How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing
