Description

NDG 1288

A stunning addition to our European House Collection, St. Claire provides breathtaking curb appeal, with a warm brick exterior and gorgeous awning covering the front porch. Inside, you are first greeted with a grand staircase located in the center of the Foyer, which is open to the Study and formal Dining Room on either side. Ideal for family gathering and entertaining, the huge open floor plan allows the Great Room to flow seamlessly into the Kitchen and Breakfast Area. In the Great Room a fireplace flanked by built-ins is perfect for movie nights, and French doors lead out to a large Grilling Porch with its own fireplace. The kitchen is a chef's dream, with a large prep island, wrap-around countertop and eat-at bar, a computer desk, and a huge walk-in pantry. A butlers pantry with a wet bar and plenty of shelving also separates the Kitchen from the Dining Room. The Breakfast Area and Hearth Room boast another fireplace and optional computer desk,

and two large banks of windows allow plenty of natural lighting to flow into the entire space. Around the corner from the kitchen is a kid's nook with access to the 4-car garage, half bath, and a large laundry room with a convenient sink.

You're sure to find sanctuary in the left wing of St. Claire, where your Master Suite awaits! A wall of windows and French doors lead to a private Screened Porch, the perfect place to unwind from a stressful day with your partner. Double doors separating the Master Bath open to a raised whirlpool tub and large corner glass shower, and further exploration will lead you into a huge connected his and her walk-in closet with a bench/drawer island and convenient stacked washer/dryer. Upstairs you'll find Bedrooms 2, 3, and 4, all with large walk-in closets and a Laundry Room to share! Bedrooms 2 and 3 boast private bathrooms, and a hall bath across from Bedroom 4 features dual vanities and a private toilet/shower room. The grand balcony opens to the Great Room below, and a computer center with two desks lead into a huge Bonus/Game Room over the garage. How would you customize this amazing house plan?
