Description

NDG 112

A stunning addition to our Traditional House Collection, Sunset Drive pairs brick and stucco with beautiful arched windows throughout for excellent curb appeal. The double-door entry of this stylish home reveals sleek arches bordering the large formal Dining Room, the breathtaking pan ceiling of which continues into the expansive Grand Room. This space flows through the bay-windowed Morning Room into an elegant Gathering Room that is anchored by a majestic fireplace, flanked by a built-in entertainment center and bookshelves. Twin skylights provide a nice finishing touch to the rear Covered Porch, which extends into a lovely Patio for catching much-needed rays. Interesting angles of the Kitchen frame such fine accents as a double oven, built-in desk, and large island. Nearby is the spacious Laundry Room with ample counterspace and a mudroom entry into the 3-car garage.

From here, an arched entry leads you toward the kids' bedrooms on the left side of Sunset Drive. Bedroom 2 has a modest step-in closet and lies adjacent to a hall bath, while Bedroom 3 enjoys a walk-in closet and private bath complete with a makeup station and tub. Moving to the opposite side, another arch opens to a hallway to the right of the Foyer, taking you past a half bath for guests and into your luxurious Master Suite. A finely detailed master bedroom includes a cozy sitting area, his and her walk-in closets, and private access to the Covered Porch and Patio. The Master Bath is sure to help you ready yourself for the day before relaxing the stress away, featuring his and her vanities with a makeup station in between, a corner shower with a seat, whirlpool tub, and spacious linen closet. For your convenience a space that could be used as a Study or Nursery is also found just across the hall. How would you customize this amazing house plan?
