Description

NDG 1291

A stunning addition to our European House Collection, Callista has it all, including a 3-car courtyard garage and stunning street appeal. Upon entry, you're welcomed into the Foyer and grand hall, each with a 12-foot ceiling. This ceiling continues into the Great Room, with timber beams accentuating it, and a stone fireplace flanked by built-ins adds warmth to the space. Two pairs of French doors lead out to the rear Covered Porch, which extends into the perfect outdoor living space! Moving to the very rear of the porch, you will find another stone fireplace for cool nights, while the far-right side houses a grilling porch, where summer barbecues are enhanced by an outdoor kitchen. Back inside, a pass-thru looks into the large Kitchen, which has a prep island and an eat-at bar, perfect for conversation. It also features a walk-in pantry with cabinets and shelves and enjoys tons of natural lighting from a bank of windows in the open Breakfast Room.

Retreat to your Master Suite on the left side of Callista, with an optional gas fireplace, a sitting area, and private access to the rear porch. The Master Bath will be your favorite place to be and includes a large corner whirlpool tub, glass shower with a seat, his and her vanities, one of which pairs with a makeup station, and massive his and her walk-in closets. Down the same hallway, guests are sure to feel at home in the 18-foot ceilinged Guest Room with a full bath and walk-in closet. On the opposite side, Bedrooms 2 and 3 each have walk-in closets and share a Jack and Jill style bath with private toilet/vanity rooms. Across the hall, the Laundry Room features a convenient desk area, a sink, and a safe room, while a kids' nook offers plenty of closet space, a bench with hanging storage, and storage bins for easy entries to exits from the garage. Don't forget to check out the Workshop Storage space! How would you customize this amazing house plan?
