Description

NDG B1009

A stunning addition to our Barna Log House Collection, The Westwind III invites you in through lovely windows, a stone chimney, and gable dormers. Inside, the cozy fireplace adds warmth to the Great Room, and natural lighting in the Den/Study allows for pleasant days working from home, or simply winding down with family. To the left of the Great Room, you will find even more places to gather, with a Kitchen and Dining Room separated from each other by an eat-at center island. On the opposite side of The Westwind III, you will find your private Master Suite, complete with private access to the wrap-around Deck, a walk-in closet, and private Master Bath! Upstairs is perfect for the kids, with a Loft open to the Great Room below serving as a great game room or TV room. Plenty of storage space is found throughout, and the two additional bedrooms each boast a

cozy dormer window. A full bath is also found just off the Loft. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing info@nelsondesigngroup.com or calling 870-931-5777
