Description

NDG 101B

A stunning addition to our Traditional House Collection, Brighton Court is proof that luxury and functionality can go hand-in-hand! Passersby will marvel at the lavish window accents and gabled roof lines of this Nelson Design Group home. Walking through the foyer affords a stunning view of an immense open plan that begs to entertain. The massive great room joins with the breakfast nook by a cozy gas fireplace, and stunning 8-foot columns separate the dining room from the foyer and great room. The walk-through kitchen features an angled bar and entry to the laundry room and 2-car garage. Just outside the breakfast nook is a beautiful lanai, where you can enjoy relaxing nights in the company of nature. Isolated at the rear of Brighton Court is the Master Suite, which enjoys a 10-foot boxed ceiling above the bedroom, as well as private access to the lanai. Entering the luxurious Master Bath, you will find a whirlpool tub with glass block wall for natural

lighting, flanked by large his and her closets. A corner shower is also featured, as well as two separate sinks with knee space conveniently nestled in the middle. Toward the front of the home plan are bedrooms 2 and 3. While each hold a moderate closet, with linen closets just outside, bedroom 3 is accentuated by stunning sloped ceilings. A full bath with a tub/shower is located between. How would you customize this amazing house plan?
