Description

NDG 1418

A stunning addition to our European House Collection, Somer's Place pairs brick and stone accents with stunning finials on the roof and an arched entry to create the ultimate European style exterior. Inside you will find a formal foyer leading you into the Great Room and Kitchen/Dining combo, which join together in a seamless open floor plan, perfect for entertaining guests. A cozy fireplace and eat-at bar counter that seats up to 6 each offer a great outlet to gather, as does the grilling porch, accessible from the Great Room. A bedroom located at the front of the home is perfect for the guest room, or as a convenient home office. The Master Suite boasts a 10-foot boxed ceiling and private access to the Grilling Porch. The master bath features a whirlpool tub and separate shower at opposite corners, a dual sink vanity, and a large walk-in closet. Upstairs you'll find two more bedrooms, a full bath, and a large bonus room with tons of possibilities.

Although both bedrooms offer a walk-in closet, Bedroom 2 sits below a sloped ceiling, and Bedroom 3 enjoys private access to the hallway bathroom. An optional loft/game room is next to a wonderful balcony area overlooking the Great Room. How would you customize this amazing house plan?
