Description

MEN 5028

From award-winning designer Michael E. Nelson comes a stunning addition to our Arts and Crafts House Collection. Adirondack Cottage receives so much curb appeal from the stone and timber columns found on the covered front porch, as well as the covered grilling porch on the right side. This cozy home has an open floor plan complete with a large great room and dining area combination with fireplace and a spacious kitchen featuring a high bar. The hall outside the master suite contains a half bath for guests. Character is added to the master bedroom with transom windows and a breathtaking vaulted ceiling. You will also find a lavish walk-in closet, a master bath with a corner glass shower, and access to the laundry room. How would you customize this amazing house plan?
