Description

Columns and a brick arched entryway make this Nelson Design Group home stand out from the rest. The columns continue inside as well, framing the doorways to the great room, dining room, and kitchen. Warm yourself by the fire in the unique hearth room near the kitchen. The family chef will love showing off their grilling skills on the huge rear grilling porch. This master suite is fit for a king with its elegant boxed ceiling and amenities such as two walk-in closets, double vanities, and a whirlpool bath. Two additional bedrooms complete the main floor of this home. A proposed game room, an optional bedroom, and a full bath are included in the upper floor plan.
